## Why Choose Harpeth Sound?

We are ideally situated on the banks of The Harpeth River in the Franklin countryside, yet only 25 minutes from Downtown Nashville. This is one recording studio where you can forget the outside world and let your creativity flow. We also offer several accommodations for artists working at the studio from out of town. (see next page)

For those who like to take some time between sessions and relax outside, we have a Swimming Pool, Table-Tennis, Basketball, Two Fire-Pits, Three Grills, and of course, the river and boats that go on the river...

I suppose we should mention, that indoors, we have a full-size English Snooker Table and an Infrared Sauna. Our gated entrance and fully fenced property ensures privacy and security for all guests. The peace and quiet of the countryside offers a perfect environment for your extended stay with us whilst recording your record.

## Accommodations and Amenities for our Artist Guests

We offer a choice of Three Double Rooms and can accommodate up to six guests at a time depending on your requirements and length of stay. Every booking includes use of the full kitchen and a private office to call your own during your stay.

Tea & Coffee, TV, Mini-Fridge and Gigabit WiFi are available in all rooms.

Rooms can be configured to your preferences, from doubles with two single beds, to King/Full Sofa Beds.
